What Time Proves.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first sympton of the approach of the grim destroyer. They do not want to be the subjects of experiment, but want medicine that had the test of years behind it. A medicine that has been made and used for 20 years give assurance of its worth, and can be taken with faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Improved Liver Pills as a remedy for sick-headache, dyspepsia, and indigestion, it begins right at the source of the trouble and the removes the cause. We will send a sample box of these pills free, or a full box on receipt of 25 cents. Sold by all druggists for 25 cents per box, or address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Penn.

CURED OF HIS CLUB.

The Way One Woman Kept Her Husband Home in the Evenings.

"I would be very happy if my husband would not spend so many of his evenings at the club," said Mrs. Bride, with a sigh.

"Why don't you try the suspicion cure?" said her intimate friend.

"What is the suspicion cure?" asked Mrs. Bride.

"Well, my husband once got into the habit of spending his evenings at his club, and I worried myself ill. Then I changed my tactics. Instead of asking him to remain at home I urged him to go to the club. The way he raised his eyebrows the first time I suggested it showed that I was on the right track.

"One night he said he had a severe headache and would remain at home. I opposed the idea and insisted that an evening at his club would make him forget his headache. He gave me a hard look, but acted on the suggestion. I knew he would be back within an hour, so I made an elaborate toilet. He returned, as I expected, with the plea that his head was worse. I ignored his question concerning my elaborate toilet. He hasn't been away for an evening since. It is almost like the old honeymoon, only he appears to have something on his mind."

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

Scott's Emulsion is not a mere extract, containing imaginary "active principles" which do not exist, but is full of actual nourishment which sustains vital force and builds up the body tissues more rapidly than any other known remedy.

We'll send you a sample free upon request.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

THE CAMPER AND THE FOREST FIRE.

The opening of summer is again signalized by fires set in forest and pastures by careless campers. Every year the same story of destructive fires comes from the Coast Range and the Sierra Nevada. The thoughtless camper, hunter or fisherman, drops a lighted match or cigar stump in the dry grass, and presto! the country for miles around is presently ablaze. Farms and fences are endangered, and much valuable timber destroyed. Scenes of sylvan beauty are quickly transformed into blackened wastes. Sometimes the fires are see by tramps, or sparks from passing engines, or herders of cattle and sheep, but the camper is above all others the most careless and inconsiderate in handling fire in the forest. It seems impossible to teach a large proportion of people who go camping discretion in this regard. No amount of warning seems to suffice to put a stop to this criminal form of carelessness. Yet the consequences are so grave as to call for a remedy. Last summer one of the most picturesque sections of the Santa Cruz mountains was burned over, and now another disastrous forest fire is reported in the neighborhood of Santa Cruz. These conflagrations will continue till drastic measures are adopted to prevent them.—Oakland Tribune.

Omaha school teachers are said to be marrying off faster than the board can find substitutes. What a strenuous lot of leap year damsels those Omaha bunches of sweetness must be!

If Judge Parker isn't red-headed, he will be after he finds out the way Tammany has been sowing the harbor at St. Louis with explosive for his Presidential craft.

A Chicago woman's club asks that wives be paid a salary. But it is doubtful whether man could get enough by working overtime to bring his "wages" up to a salary.

Ought it not to be about time for some of the dear ladies to begin calling themselves "Granddaughters" of the Revolution.

The grammar school closed yesterday for the summer vacation. When the school opens for the next term there will be several new teachers. The trustees met Thursday and accepted the resignations of Miss Mary Stuart, Miss Mary Hanley, and Miss Eva Rockwell. Miss Alice Elvin was permitted to teach until next Christmas when she will resign. Miss Hanley has taught in the Redwood City school department for thirty years, Miss Stewart for twenty-one, and Miss Rockwell for three years. All have made splendid records as teachers. The former will retire as most likely will Miss Stewart. Miss Rockwell has already secured a school. The trustees will have four vacancies to fill, a principal and three assistants. Applications have begun to pile up but no appointments will be made until all the applications are thoroughly investigated.

THE ST. LOUIS EXPOSITION.

One of Its Featues Is a Hotel Containing 7,000 Rooms.

California Has a Fine Exhibition which Reflects Credit upon the Golden State.

No one can imagine the immensity of the St. Louis Exposition or the vastness of the undertaking. One must see it to form an idea of the gigantic exhibition which is luring travelers from all parts of the world.

The Louisiana Purchase Exposition or World's Fair is in all respects the greatest ever undertaken in any country. It is more than ten times the size of the Pan-American Exposition at Buffalo in point of floor space in the exhibit palaces, twice as large as the Columbian Exposition at Chicago, about three times larger than the last Paris Exposition and twenty or more times larger than the expositions of Omaha, Nashville, Atlanta, San Francisco or Charleston.

The World's Fair presents a new and important development of the Exposition idea, showing the evolution of the raw materials through all the processes of manufacture to the finished product. It is an exposition of life, color, motion and demonstration in every part.

To see the Exposition every possible facility for the economy of the visitor's time and the saving of his strength is provided. Boats traverse the mile or more of lagoons which surround the Electricity and Education palaces and an intramural railway reaches every part of the grounds. Rolling chairs at moderate prices may be secured for trips through the buildings and elsewhere.

The Exposition management has erected the hotel known as "The Inside Inn," inside the grounds. This hotel is 400x800 feet long and contains 7000 rooms. Its rate are fixed by contract and bond and are very reasonable. It is built on the most approved modern plan, every room being plastered, with all conveniences found in a first-class hotel. Rates are below those in any other large city for the same accommodations and conveniences that will be maintained by this hotel. Over 500 rooms are equipped with baths; a drug store, buffet, barber shop, news stand, cigar stand, toilet rooms, wash rooms, restaurants and booths of necessity, where guests may purchase collars, cuffs, haberdashery, notions, etc., are included in the hotel. The rates are from $1.50 to $7 per day. Though 3000 people are in the dining room at one time they are waited upon with quicker facility than at any Redwood City hotel that only have more than fifty guests at a time. There is a perfect system in everything.

The grounds are 9500 feet long, and 6000 feet from north to south, comprising 1240 acres. Fifty-one States and territories of the Union and fifty-one foreign nations participate. The estimated cost of the Fair is $50,000,000.

The various exhibits of the United States and other countries are grand beyond description, and one is bewildered with the dazzling array of products. Mexico, Germany, Cuba, Japan, and many other nations of both hemispheres, have surrounded their homes at the Exposition with gardens that show the flora of their lands in their best array.

Of the foreign exhibitors little Japan is far in the lead. Her varied products are displayed in an up-to-date manner that interests the visitor.

California has a wonderful exhibit and those who visit the Fair from this State are thrilled with a feeling of pride in viewing the splendid display of fruits, canned goods, and various kinds of the State's products. California has certainly done herself proud. This exhibit creates more interest among the visitors than the displays from any other State. The State building which is built after the style of the old Santa Barbara mission is visited daily by hundreds who partake of California's hospitality, extended by Ex-Senator Filcher who is the right man in the right place. Each visitor is given a souvenir on leaving. The Native Sons in visiting the Fair next September will have every reason to feel proud of their State.

An Intramural Railway, having fourteen miles of track, carries the visitor to many interesting points within the grounds. The Exposition is fortunate in having a site which furnishes a variety of scenery and abundant shade. Instruction and pleasure are mixed in fine proportions and the visitor's days at the Exposition fly all to quickly.

It would take fully a month to see the Fair in detail, but one could get a casual glimpse through all the building and see the grounds and take in the Pike in about one week.

The States of America and the nations of the world have united in creating landscape effects on the World's Fair grounds that one could not witness elsewhere unless he traveled the earth over.

On the two-square miles comprising the Louisiana Purchase Exposition may be seen gardens of the desert and the marsh, mountain and valley, the formal gardening of the city park and the natural gardens of the wildwood. The quaint little flower of the frigid North may be found a short distance from the gorgeous blossom that rarely attains perfection elsewhere than beneath the equatorial sun.

The landscape architect at the World's Fair had 35 miles of roadway to embellish with lawn and shrub. In the gardens of the cascades is shown the most pretentious creation of formal gardening ever undertaken at an exposition. Here are great stretches of velvet lawn between the streams of crystal water, bordered by millions of gorgeously colored blooming plants and brilliantly tinted foliage plants. Towering palms and green bays trees stand as sentinels at points of vantage and accentuate the beauty of the more gorgeous but less stately flowers.

In another section is a rose garden, ten acres in extent—the largest rose garden in the world. The 75,000 rose bushes, with their million blossoms, produce a beautiful bewilderment of color and fills the air with delicious perfume.

Great Britain reproduces a typical English garden of a couple centuries agone, and shows the flowers of our grandmothers in a state of perfection scarcely dreamed of.

It was such gardens as these that surround the Grand Trianon at Versailles that gave to the great European republic the name of "Sunny France." These gardens have been reproduced at the World's Fair, and any Parisian would imagine himself at home on the large French reservation.

The Pike, known as the Midway at other fairs, is the amusement center of the exposition. It begins in the eastern part of the grounds, with the Tyrolean Alps, which cover ten acres or more, and winds around the west end of the transportation and machinery palaces to a point near the Art Buildings, ending with the reproduction of the city of Jerusalem, which covers eleven acres. All the shows are clean and may be attended by the most fastidious. They are all worth the price of admission, which ranges from 10c to 25c.

There are no "fake" shows on the grounds. The Tyrolean Alps are a realistic reproduction of the mountain scenery and a program of sweet Tyrol songs. The scenic railway is by far the longest, swiftest and most exciting ride to be found for the price. In Mysterious Asia, the whirling dervishes, the Singalese stick dancers, the Hindoo fakirs or seleight-of-hand performers and the donkey and camel rides are features to be remembered. Those visiting the Fair should take in the Pike.

The railroad companies have reduced fares to a minimum price, so that it is in reach of all on the Coast to visit the great St. Louis Exposition. Those who attend will not regret it.

LA HONDA LACONICS.

LA HONDA, June 17.—Great preparations are being made for a glorious celebration on the Fourth of July, which bids fair to rival anything of the kind ever held here.

The first hop of the season took place last Saturday evening in Sears' hall and was much enjoyed by the hotel guests and a few campers.

Paul Dupuy and George Bernhard, two enthusiastic nimrods of San Francisco who have been staying at the hotel, returned to their homes the early part of the week after a successful week of fishing.

Our genial storekeeper, Charles Cavalli, went to San Francisco Tuesday on a business trip.

Messrs G. Richmond and Otto Schnabel, two popular young men from San Jose, left Wednesday amidst the weeping and wailing of the hotel guests, who were only consoled by the young men promising to return on the Fourth.

Since the public schools of San Francisco closed the campers are beginning to make their appearance. Pioneer Camp is commencing to rear its white tents and Camp Richmond expects to entertain many visitors during the season. Camp Rigney has some charming young ladies who will join in the festivities during the season.

F. Nelson of San Francisco came down Sunday in his new $2500 Winton auto, making the run in just two hours and three quarters. Al Hammerton also came down the same day with his auto, accompanied by a bevy of bright young ladies, who enjoyed the cool of Redwood.

The marauders who have been invading the cherry orchards in this vicinity have paid dearly for their lawlessness, as it is evident from the number of bottles of Jamaica ginger which has been consumed of late.

The guests at La Honda during the past week were: Miss Von Henko, Miss Dorothy Vestry, Miss Sadie Hamerton, Al Hamerton, Miss Adelia Nelson, Fernando Nelson, Frank Nelson, Willie Nelson, George Nelson, Jos. Nelson, Miss M. G. Torpey, Miss M. M. Torpey, Mrs. J. Duffey, Mrs. J. B. Dean, Misses Hazel and Vivian Hamilton, Mrs. B. Bernard and two children, Mrs. Ed Bernhard, Jos. McDonald, Paul Dupuy, George Bernhard, Mr. and Mrs. Wm. J. Ahern, Frank Allen, all of San Francisco; Prof. Wm. D. Armes from Berkeley, George Richmond, Otto Schnobel of San Jose.

M. Woodhams and wife are spending the summer months at Hazelwood Farm.

Willie Sears is very popular among the young ladies and we fear one young lady would grieve could she but see him. How is it, Willie boy?

Mr. and Mrs. S. J. Tichenor have come out from the city to spend the summer at their Summer Home Farm.

What's the matter with the "La Honda Whist Club?" Ask Joe.

SAN GREGORIO SNAPSHOTS.

SAN GREGORIA, June 17. — The campers are beginning to arrive in town, reminding us of the "Good Old Summer Time."

Dr. O. P. Askam, and family, and Mr. and Mrs Henry Carlin, of Mountain View, are camping near the beach on the ranch of T. E. Roe.

The dance given last Saturday evening was well attended by the young people. Always look for a good time when Fred Hagal is on the floor.

The orphans from San Mateo will soon be with us again. The wagon with a load of tents passed through town the first of the week.

Mr. and Mrs. Henry Donadieu returned to the city Saturday after a very pleasant two weeks' visit, with the latter's parents, Mr. and Mrs. T. E. Roe.

Miss Ethel Dodge of Redwood City spent Sunday in San Gregorio.

Miss Mollie is home on a short visit. Her friend, Miss Rose Bowman, of San Francisco, is with her.

Mr. and Mrs. Stratton were down from the Virginia mill, Sunday. Harry looks as pleasant as of old.

Listen for the wedding bells soon to ring!

WOODSIDE.

WOODSIDE, June 17 — Edward Hansen was a visitor at Oak Hill Farm a few days last week.

Peter Richardson of Beresford was up for the dance last Saturday night and to call on his many friends.

Miss Mae Solen of San Francisco is making a little sojourn at the home of her friend Mrs. Thos. Shine.

Miss Elsie Cushing, the popular teacher of West Union, has gone to Oakland to spend her vacation.

School closes this week for the summer vacation.

The dance last Saturday evening was a great success both financially and socially. Owing to so many other pleasure events in the near future, and the Fourth of July celebration, it will be some time before another one will be given.

The city schools have closed and it seems that all the children have flocked to this place. Tents are pitched in all directions and boarding house keepers say business is booming.

John Wilson and Mrs. Elizabeth Bozzo surprised their many friends last Wednesday by slipping off to Redwood, where they were quietly married by the Rev. Father White. Both parties are well and favorably known here and have the best wishes for a long and happy future.

J. M. Huddart, who recently purchased the Rice place, is having a beautiful driveway constructed from the county road to a pretty site where he intends building a summer residence next year. Messrs. Bottger and Walker, who have charge of building the driveway, have worked diligently and great credit is due them.

Mrs. John Lee, known in her girlhood as Mae Golder, is stopping for the summer at Holtt's. She loves to linger amid the scenes of her youthful days, recalling incidents of the days when she attended the local grammar school. Her husband is a wealthy and prominent business man of San Francisco.

Regents Britton, Slack and Taussig, of the State University, were here last Saturday and investigated the books of the Bear Gulch Water Company and afterwards visited the lake. They expressed themselves well pleased with the business-like manner in which the business of the company was conducted.

The wedding of Lieutenant A. J. Montgomery-Jephson in London last Friday to Miss Anna Head was a great surprise to society folk here for it was generally understood that the engagement was broken some years ago when the Head family resided here. The young people were estranged and separated, and nothing was heard of the Lieutenant until the announcement of the wedding this week. The marriage was an agreeable surprise to many.

Bids for the concrete work of the Stanford library building were opened Monday by Mrs. Stanford. Harry B. Morey was the lowest by over $800 and he was awarded the contract which amounts to $18,000. His numerous friends are glad to hear his good fortune. Mr. Morey has been engaged in the concrete business for thirty years and there is no part of the craft that he is not thoroughly familiar with. He has superintended the concrete work done at St. Patrick's Seminary and Stanford buildings and the work is a lasting monument to his skill as a mechanic. This is the first large contract he has received since engaging in business for himself three months ago, but it is safe to say he will get others when the character of his work becomes known. He will employ all local workmen to rush the contract which must be completed by September.

This evening Mr. Morey's friends here and at the University will tender him a reception at his home.

It proved unsuccessful and the patient passed away after much suffering. The devoted parents are prostrated by the shock they have received in the sudden death of their daughter, whom they loved so well. Miss Marcus was a bright, cheerful girl, beloved by her companions and friends for her kindness of heart, sweet manners and lovable disposition. She was greatly devoted to her parents and her loss will be deeply felt by them.

Not a Fish Story.

We have often heard anglers tell the story of fish jumping into boats and other queer performances of the denizens of the deep, but it has never yet been related of a fish jumping into a man's pocket. However, this actually occurred, and there are a half dozen of Redwood young men who will testify to it. Saturday afternoon The Wave conveyed a party of young men to San Francisco. Nearing Coyote Point, near San Mateo, the launch anchored for a while. Joseph Meyer who was settting on the bow of the boat was startled by a fish that leaped from the bay and landed in his coat pocket. Now Mr. Meyer, as every one knows, is not a drinking man, but he was so frightened that it was some time before he regained his composure. When he did he took out the unwelcome intruder from his pocket and found it to be a fish eight inches long. No one knew before what hypnotic powers Meyers possesses, but he certainly has some influence over the dwellers of the deep. This occurrence is vouched by Thomas Epperly, Captain Harry Lovie, Chester Lovie, and J. Jenkins.

Was a Native of Redwood.

Mrs. George Ayers, eldest daughter of Edward Cashin, formerly of this place, passed away at her home in Sacramento last Thursday after an illness of three days. Deceased was born and raised in Redwood City. She was a young woman loved for kindly ways and sweet disposition. Her husband died last Christmas and since then she has not felt altogether well. Mrs. Avers leaves three small children to mourn her.

Woman's Duties.

A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is the deserving of the more credit since the demands on her strength are greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross, and dissatisfied, which is just as much a disease as rhematism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong steady nerves, and prevents disease by building up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich blood, feeding the nerves, and making solid flesh at the rate of 1 to 3 pounds a week. This medicine is sold by druggists for 75 cents per box, or 3 boxes for $2, or sent by mail, post paid, on receipt of price. Write us about your case. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Penn.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have $1.00 bottles. For any stomach, liver or bowel disorder Thedford's Black-Draught should be used.
